The packaging for Andrew W.K.'s upcoming *I Get Wet* deluxe edition has been revealed.

I Get Wet was debuted at #1 on the Billboard Top Heatseekers Chart. The album instantly became noticeable for its cover – a photo of Andrew W.K. with blood running down from his nose onto his neck. Now, a little over 10 years later, the album is to be re-released in a special 10th anniversary deluxe edition. The original bloody-nose cover art has been updated to a photo-realistic oil painting by artist Gonzalo Garcia.

Earlier this year, Andrew W.K. commemorated the album pre-release with an “I Get Wet – Ten Year Anniversary Tour,” playing the album in its entirety to international audiences. Peep the track listing below.
